

**EXIT/EMERGENCY LIGHTING
EXIT DOOR INSPECTION and
MATERIALS & NON-COMBUSTIBLES PRICE LIST**

Exit and emergency lighting require a six monthly test under AS 2293.2. To be compliant, the test duration is to be a minimum of 90 minutes and the log book supplied to your site must be completed.

Exit doors and paths of travel (including exit discharge) inspections must be conducted quarterly.

Materials and non-combustibles require inspection annually.
